Online training for care managers

Essentials of Care Management is a comprehensive learning path—a series of 15 courses—designed for care managers in medical practices and clinically integrated networks. Whether the care manager is new to the position or needs additional training, this learning path will boost value and enhance effectiveness.

Over two decades, HealthTeamWorks has guided more than 5,000 practices to achieve higher quality care and financial sustainability. Our hallmark is developing teams and training health care organizations as they transform to meet new policy, payment and delivery system demands.

It's challenging to find proven training from experts with on-the-ground experience. HealthTeamWorks is the training partner of choice for care management success.

Introductory pricing starts at just \$849. Pricing includes 12 months of access to 200+ Solutions Center resources (a \$400 value).

What's included in this training:

- Tools and templates for essential care management
- 15 online courses with interactive activities
- Feedback and guidance from HealthTeamWorks experts
- Certificate after completion
