# HealthTeamWorks Solutions Center 2018-2019 Features

The Solutions Center is your online community for resources and no-nonsense learning opportunities to achieve transformation goals. Whether you want to establish a care management program or a population health strategy, or you want to meet payer expectations for high-value, accountable care, the Solutions Center Library, School and Office offer the ideal environment to learn, collaborate and lead.

## Library

- On-demand guides, tools, reports, case studies, templates, videos, podcasts, samples and white papers. Topics:
  - Advanced Primary Care
  - Business Operations
  - Data Analytics
  - Financial Performance
  - NCQA Recognition
  - Quality Improvement
  - Technology Optimization

Tap into hundreds of proven guides, tools, checklists and virtual learning resources focused on advanced primary and specialty care, clinical network performance improvement, optimized business operations, financial performance, and utilization of technology and data. "Favorite" materials for easy access.

## School

- Live virtual expert panels, interactive roundtables, learning labs and industry updates.
- On-demand courses and learning paths. Topics:
  - Advanced Primary Care
  - Business Operations
  - Data Analytics
  - Financial Performance
  - NCQA Recognition
  - Quality Improvement
  - Technology Optimization

Take your seat at the table for interactive roundtables and expert panel discussions featuring subject matter experts on hot healthcare transformation topics. Take advantage of online learning offered in multiple modalities to support varied learning styles for professional development anytime, anywhere.

## Office

- Virtual collaborative networks that match your interests
- Document sharing
- Outcomes documentation
- Peer discussion forums

Connect with peers and experts in a network of professionals like you. Collaborate with a focused, active learning community in healthcare transformation, finance and delivery. Engage in peer discussion forums to advance learning and transformation.
