SUBJECT MATTER EXPERTISE

- Systems approach to adaptive challenges and change management
- Strategic planning and alignment to achieve 5-Part Aim outcomes in a value-based environment
- Infrastructure design and implementation to support population needs and risk-stratified care management
- Community integrated care delivery model incorporating wider determinants of health

BIOGRAPHY

Kristi specializes in health care delivery transformation with more than 20 years of healthcare delivery, adult learning, workforce development, and performance improvement experience. She began her professional career as an RN in hospital and ambulatory settings and then transitioned into continuing education—specializing in community engagement as well as business and industry training.

Previously, Kristi was Program Director at TransforMED for CMS/CMMI’s Patient-Centered Medical Neighborhood Health Care Innovation Award, leading a cross-functional team to improve outcomes across 15 health systems and communities. Kristi also served as Lead Associate at Booz Allen Hamilton providing subject matter expertise on the Transforming Clinical Practices Initiative (TCPI) data hub and the Accountable Health Communities (AHC) social determinants of health screening tool.

Kristi is passionate about innovative problem solving, creativity, leadership development, whole-person care, and enhancing the healthcare experience for all stakeholders. On a day to day basis, she works to improve strategic focus, inform future planning, and optimize measurable impacts.

MY PASSION

“What drives me is a desire to get us to community integrated care. I dream of a day when we are not talking about staffing ratios or brick & mortar, but how health is addressed through thriving communities—where we are not talking about just healthcare, but we are talking about health.”

HONORS & CIVIC ENGAGEMENT

- Elected City Councilperson and Chamber of Commerce President
- Community Leadership Board of Trustees
- Kansas Health Foundation Ambassador
- Recipient Innovative Education Program Award, American Heart Association
- Contributor to 2018 International Health Discussion and Publication, Achieving the Provision of Integrated Care, <http://napc.co.uk/wp-content/uploads/2018/06/Provision-of-integrated-care.pdf>
