BIOGRAPHY

Israel has over 11 years of experience in the Healthcare Industry. He is currently helping practices to transform, adapt and sustain models to improve the services provided to their communities and populations. Israel had the experience to work for a Federal Qualified Health Center (FQHC), where he served in different levels and positions. He has led several Quality Initiatives and Programs, which have fostered a passion for supporting practices creating sustainable systems and models to face the current challenges and changes in the healthcare environment more effectively.

Israel has helped practices creating high-functioning teams by engaging and aligning key resources and services to improve patients' health outcomes, increase patient satisfaction, decrease costs and increase practitioners and staff satisfaction. He has rich experience in Quality Improvement Methodologies, Practice Facilitation and Data Analytics. Israel is bilingual in English and Spanish.

MY PASSION

“To help my organization and the practices we interact with to succeed and thrive in the Practice Transformation world we live in, where we could one day, achieve better care for our patients, reducing the current high cost of healthcare, and ensuring that all our healthcare professionals experience a sense of contentment that all this work is worth it.”
